

# Micro Market

The New Breakroom Experience

## What Is A Micro Market?

An unattended breakroom solution loaded with a huge and customizable variety of fresh, healthy options for you and your employees.

A mixture of fridges, freezers, and shelving hold products that your customers love. Everything from ready-made meals to fresh fruits and salads - your micro market has it all.

## How It Works

**Scan your product** on our state-of-the-art touch-screen kiosk, or select it from our comprehensive catalog.

**Pay for your product** how you want. Cash, credit, mobile pay, or even fingerprint - get the items you love the way you want them.

**Enjoy!** - Whether you're stopping for a quick snack or a fulfilling lunch, our micro market solution will transform your breakroom into a space your employees will love.

## What Are You Waiting For?

Boost morale, keep your customers happy, and revolutionize your breakroom experience with a micro market today!

## Did You Know?

- A better breakroom leads to happier and more productive workers while decreasing overall stress
- 91% of American consumers consider nutritional content before selecting food or beverages.
- An engaging breakroom can foster creative interactions and keep employees on-site

# Micro Markets From Parlevel

Flexible. Intelligent. Secure.

## Robust Analytics

### Constant Learning

As the micro market collects data, we will know how to better service the specific needs of your location.

### Inventory Alerts

We will be notified of low inventory, so your employees won't run out of their favorite snacks and beverages.

### Unparalleled Service

Minimum stockouts, maximum service. We monitor the micro market remotely to ensure everything is running smoothly at all times.

## Safe and Secure

Your micro market is fitted with security cameras that help us ensure proper micromarket usage and maintain a safe and secure breakroom.

## Let's Get Started!

Keep your employees happy, healthy, and motivated with a state-of-the-art micro market solution backed by Parlevel Systems.

## Customizable

**Layouts catered to you:** No matter the amount of employees or the space available, we will provide a custom layout that works for your company.

**Products from A - Z:** Everything from fresh foods and salads to delicious pastries, we will stock products your employees will love.

**Direct Feedback:** Directly submit feedback and product requests to ensure a maximum level of customer service.

## State-of-the-Art Kiosk

**Multiple Payment Options:** Forgot your wallet at home? That's ok! Pay with cash, credit, mobile payment, or a virtual, refillable wallet.

**Parlevel Wallet:** Create a virtual wallet, load it with credit, and then pay for products with just a few touches of the screen. Access your wallet via FOB, username, or even a fingerprint scanner!

**Easy to Use:** Our easy and intuitive touchscreen kiosk is a breeze for anyone to use.
